MORE WRANGLING OVER REFEREE

Coffroth Says Squabble Is Hurting Gate Receipts.

NOLAN REFUSES TO GIVE IN

JEFFRIES MAY REFUSE TO ENTER RING.

San Francisco, Sept. 7.—If his friends in this city are correct in their estimate of Jim Jeffries' disposition, the former champion will refuse to referee the Britt-Nelson fight, which is to take place in San Francisco late tonight. Jeffries is of an independent mind, and in view of the criticism by Nelson's manager, it is likely he will not act for any amount of money.

With Jeff out of the referee position, attention naturally turns to Eddie Grady, who has acted as referee in the big ring contests brought off in this city in recent years. While the Britts have been frequent in their objections to Grady, there is a strong belief among sporting men that this favored referee for Grady is not sincere, and that if Jeffries declines to be further considered Grady will be selected.

Orders for Seats Canceled.

The uncertainty regarding the referee is affecting the sales of seats seriously. It was said at Manning Coffroth's headquarters today that there have been many cancellations of reservations by out-of-town persons, who apparently have become disgusted with the needless wrangle over the third man in the ring on Saturday. Unless there is a settlement by tomorrow morning Coffroth's estimate of a \$20,000 gate will fall far short of that figure. With all the uncertainty there is an immense attendance. San Francisco has never failed to live up to its reputation as the "greatest boxing city in the country." Any sort of a fight draws a crowd, oftentimes without regard to the merits of the attraction.

Betting at a Standstill.

Naturally, betting has practically come to a standstill. Bettors are not of course, place their money until all doubt as to who is to make the decision has been settled. So, while there is a discussion to wager on the coming fight, all those who are so disposed are holding back until the referee has been agreed upon. Britt still is a strong favorite, the prevailing odds being 10 to 7, with now and then the more liberal odds of 10 to 8. The work of training is over. Both men are within striking distance of the weight, are in the most perfect condition and will not find it necessary to do any more work. Their trainers are now giving their attention to the important detail of holding them "on edge" until the day of the fight. The hardest sort of work up to within the last day or so. That looks bad to me, but yesterday evening. Today he took it somewhat easier. Britt let up in his extremely heavy work several days ago, cutting out all boxing and his swim in the salt water.

Nolan Is Still Firm.

Nolan, Nelson's manager, said this afternoon in regard to the referee: "If they try to force Jeffries upon us there will not be a fight that night. It is to be. I've conceded everything else to the Britts, and I do not intend to concede this referee matter. "I am even more determined than before to have the fight. I have been told from friends informing me that the sure thing men all over the east are trying to see in bets on Britt. That looks bad to me. "I don't know what was said in that Delaney telegram to Jeffries which led him to refuse, and which caused the fellow to suddenly to abandon his demand for \$20,000. For all I know, it might have guaranteed Jeff to stand on his rights. "Notwithstanding Nolan's stubborn stand in the matter, no one thinks at this time that the fight will be called off.

'FRISCO FIGHT TOMORROW

Schreck-Wille Go Is Ancient History and Britt-Nelson Argument Is Now in Limelight.

The Schreck-Wille match has become ancient history in Salt Lake's sporting circles, and now it is not a question of what the referee's decision was at that contest, but who will referee the Britt-Nelson fight, which is to take place in San Francisco late tonight. The outcome of this fight is interesting nearly as many people as the outcome of the Japanese war, a week ago. It is a wise man who can pick the winner, and Salt Lake's, the majority of whom are friendly to the Dane, are divided as to his chances for success.

SCHRECK-WILLE BETS SHOULD BE CALLED OFF

Numerous inquiries have been made as to whether bets on the Schreck-Wille contest should be paid; or, if paid, how the money should go.

There is absolutely no rule governing the matter as the decision at the Salt Palace Tuesday night. Some sporting authorities would say that Referee willard Bean had no right to change his decision after he had once made it, and bets should be paid to those betting on Wille. Others would claim that Bean had a perfect right to change his decision if he desired, and that bets should be settled on his last decision.

POCATELLO IS AFTER RUHLIN-WILLE FIGHT

There is a possibility that Pocatello will get a big fight in the near future. Frank Watson, one of the most enthusiastic fight fans of the Idaho town, was a spectator at the Schreck-Wille fight the other night and remained in the city until the morning. On learning that Ruhl and Wille are anxious to get together, Watson at once made them an offer to go to Pocatello and have it out.

George Down With Typhoid.

Walter Burdgett received a letter from Oscar George's brother yesterday, dated at Omaha, in which he said Oscar had been taken off the train at Omaha with typhoid fever. George will be remembered as the Brooklyn pitcher who was hit by the saucer track for some time this year. He left for home a couple of weeks ago and became so sick that he had to leave the train when he reached Omaha. His brother came out from Brooklyn to look after Oscar, and now writes that he is down with typhoid fever.

SUIT CASE IS FOUND.

Had Been Cut Open and Clothing Extracted Therefrom.

Provo, Sept. 7.—At the time of the registration for the Utah reservation a suit case belonging to Mr. F. W. Bowen of Centralia, Kan., was stolen from the R. G. W. depot platform in this city. It contained a change of clothes and a pair of shoes belonging to Mr. Bowen, and some lady's apparel, belonging to Mrs. Bowen. Yesterday the case was found in a corn field south of the city and brought to the sheriff's office. It had been cut open and Mr. Bowen's suit and shoes taken out. The thief had evidently changed clothes right there, as an old suit and an old pair of shoes were found by the case. He had very gallantly left Mrs. Bowen's clothing undisturbed.

STATE NEWS

PARK CITY COUNCIL

Hold Regular Monthly Session and Transact Much Business.

Park City, Sept. 7.—The city council held a regular meeting last evening and in a short time transacted the business of the month. The entire board was present with the exception of Councilman Johnston, who is in Colorado. Minutes of the previous meeting were approved and the bills against the city called forth with being presented, showed the city indebted as follows:

Pay roll, city officers, \$17; police department, \$80; street scavenger, \$50; \$54.25; streets and bridges, \$12.50; miscellaneous, \$12.50. Total, \$216.25.

Warrants were ordered drawn for the amount and the bills paid.

The board reported of officers, the city authorities, submitted reports covering their work for the past month, the principal of which were the report of the justice of the peace, and the treasurer's report.

The police justice reported sixty-three arrests and cases for the month, with fines assessed amounting to \$18, which the sum of \$45 was collected in cash and the remainder committed. With this the report of the city marshal charged in every particular.

Section Gidley reported that five deaths for the month, of which two were adults and three children. He reported a collection of \$9, which was accurately turned over to the city treasurer as per receipt of that officer shown in the report.

The city street commissioner reported considerable work as having been done, the principal of which was the cleaning of the sand of Silver creek, which has been spoiling the roads below town; also that the mining companies had agreed to meet half the expense. This matter has been of no little bother to the city officials for some time, as the water in the creek has been backed and the sand runs over the lower part of the town, so that the roads are made impassable and the sewerage is somewhat impeded. However, the action of the mining companies will do away with the trouble, and the thing can be fixed to remain so.

The treasurer's report was next read, and showed not a great amount in the city's strong box, but at the same time showed the bills all paid. Balance on hand, from July, \$23.41; received from licenses, \$1,211.50; received from police department, \$1,211.50; received from the city of Salt Lake, \$1,211.50. Total, \$2,446.91. Warrants paid out in the month of August, \$1,211.50. Balance on hand, Sept. 1, \$1,235.41.

With this report the report of the recorder agreed in every particular, with the exception of \$3.35 in outstanding Four petitions with bonds attached were granted to sell liquor, an. licenses were ordered issued.

The much-talked-of and somewhat important petition for the closing of the gambling houses was taken up and read and discussed at some length, but as the council thought the petition was rather indefinite, it was considered unwise to do anything in the matter, and the petition was laid on the table.

The fire chief and the committee on fire and water reported that in their opinion it would be unwise to take a fire hydrant from the Rossie hill and place it in the Nelson hill below town, for the reason that while the hydrant was not of any great use on the Rossie hill it was at least a partial insurance. The committee recommended that the hydrant be placed in the lower town place. This was finally the sense of the meeting, and the chief was ordered to procure two hydrants at as reasonable a cost as he could.

The sewerage below the baseball grounds was the subject of no little talk by the council, and it was decided that the mayor and the commissioner should examine the place and report to the committee on streets, alleys and bridges, what they thought would be the best plan for the place.

Councilman Eschard wanted a little information about the hoodlums who have been disturbing things about town during the summer. He was informed that they were still in town, but that efforts were being made to suppress their rowdiness.

The First National bank wanted a little protection in the matter of safe boxes, which was being made, and was about to be made by the city by that institution, and accordingly a resolution was passed empowering the recorder to order over to the city the safe boxes.

Nothing further coming up, the council adjourned to meet on the 21st.

At an absence of several days, the council adjourned to meet on the 21st.

At the office of the company, and all the delinquent stock bought in by the company.

Michael J. Harrington was arrested Wednesday on a charge of stealing \$40 from a man in the city.

At the present time such a clearing, and several of the wandering kind are being given warning.

Miss Mollie McKee has returned from a two weeks' visit in Salt Lake with her parents.

Mrs. Reynolds of Salt Lake is in town. The total number of people registered at the public school of Park City upon the opening day, Wednesday, was the largest in the history of the town. Nine hundred were enrolled for work in the grades and six hundred in the high school, which is about 100 more than any previous year.

At the season's first time, the school of Park City numbers thirty, as compared with fifteen four years ago. The schools of Park City have been improving steadily for several years, but under the management of Superintendent Blocher they have made greater strides than under any former management.

RETRENCH ON SALARIES.

Coalville Mayor Will Receive One Dollar Per Year Hereafter.

Coalville, Sept. 7.—Hereafter the mayor and members of the city council of Coalville, the county seat, will serve their constituents for \$1 per year. That was the salary fixed at the regular meeting last night, and the salary is to be paid quarterly. So each quarter the mayor should each councilman receive the sum of 25 cents for their valuable services. Herebefore the mayor has received \$15 per annum and the councilmen \$20 each for the year.

There were heavy cuts in the salaries of other city officers
